:30 English Radio PSA Transcript

Announcer:

A tornado is on the ground.
You're at work.

Your spouse is at a meeting.
The kids are at three different schools.

Power and cell are out.
And your home is inaccessible.

Now what?

Have a pre-set meet-up plan. Share it with everyone in your family and practice it.
Know the emergency plans at work and school, too.

Get ahead of what's ahead.
Be informed. Make a plan. Build a kit. #TexasReady
